### **\*\*NOTE\*\***

If your student has a doctor's appointment, please email me about the absence from a scheduled live lesson. **DO NOT** show up to our live lessons using Zoom in a car or in a public location. It is very distracting to those of us who are involved in learning. I will send a video of the missed lesson to your child's Google Classroom to complete at their convenience so that he/she does not miss out on the lesson.
